Always fry with Cottolene

Whatever you fry with Cottolene is delicious and digestible. The true flavor of chicken, fish, potatoes, or any other fried foods is enhanced.

Cottolene has done much to do away with the old prejudice against fried foods. As it does not soak into the food, it performs fully the real function of a frying agent-it cooks the food and adds not only to its flavor but to its wholesomeness.

Cottolene

For more than a quarter of a century Cottolene has held its own place, in a class by itself. There is no substitute for it.

Since Cottolene does not absorb tastes or odors, it may be used over and over again for frying. Heat it slowly.

Truth in business is just as important as truth in every-day life; truth creates confidence, establishes good-will and builds a reliability that will not be wrecked by the storms of competition.

Through three generations people have learned to place reliance on the advertised words of Scott's Emulsion, because they are untarnished, unexaggerated truisms about a household remedy of real and actual worth.

The popularity of Scott's Emulsion is increasing as intelligence advances, because in these days of adulterations it continues to guarantee pure cod liver oil medicinally perfected with glycerise and hypophosphites to build strength, im-prove the blood and strengthen the lungs. It is free from harmful drugs—a whole-some food-tonic, truthfully advertised.
